CATALOG of PERENNIALS, HERBS and GERANIUMS

Telephone COlony 8-4371

February, 1961

To our Friends:

After the most pleasant summer and fall of 1960, we look forward to renewing our acquaintance with many of you once again; and welcome our new customers with the assurance of our desire to be of service.

The plants listed herein represent most of our perennials suitable for shipment. Annuals can be shipped only during May and June, after which time they are too large for satisfactory planting. Space does not permit the listing of our entire nursery of unusual and rare perennials, some in short supply, and we invite your inquiry for items you desire which are not listed.

Plants shipped are not usually mature specimens. A variety of sizes can be furnished at proportional prices. Prices are subject to change without notice. Due to certain commitments mail orders cannot be shipped until after April 15th. We ship only healthy, vigorous plants, correctly labeled to the best of our knowledge. We do not assume responsibility for damage to plants in transit, or for customers' subsequent failure with plants due to weather, adverse soil conditions or improper handling. We gladly rectify mistakes for which we are responsible, if reported within a week of shipping.

We ship by parcel post, special handling. We do not pay postage and there is a small charge for packing.

Terms: We do a strictly cash business. A minimum of three plants to an order, and \$1 should be added for mailing three to six plants; over six plants, \$1.50. The postage charge is approximate. We would appreciate your remitting promptly the balance due when your statement is mailed; any credit due will be promptly refunded.

For 60¢ plants - Three of one variety	\$1.70
" 75¢ " " " "	2.10
" 90¢ " " " "	2.50
" 1.00 " " " "	2.80

It is a pleasure to offer to discerning collectors of Fancy-Leaved geraniums a list of Imported English and Australian varieties. To the best of our knowledge these have been authenticated wherever possible and are true to name. Quite a few of these: originals date back to the 1870s; a short history is given with each plant sold. These are in limited supply as yet, but during the year we hope to add more to our collection. The varieties available at the time this catalog goes to press are listed under "Original Fancy-Leaved Geraniums" - page 10.

Our nursery and greenhouses are open every day. Williamsburg is situated eight miles from Northhampton on the Berkshire Trail on Route 9. Turn right off Route 9, cross the cement bridge, turn immediately left and proceed to the top of Village Hill. There are signs in Williamsburg for your guidance.

Richard and Edith Williams

HERBS

Achillea ageratifolia Aizoon - Yarrow	.60	Calendula officinalis - Pot marigold	.35
Achillea Millefolium roseum - Rose Yarrow	.60	Carum Carvi - Caraway	.60
Aconitum autumnale - Monkshood	.75	Cassia marilandica - Wild senna	.60

" filicinum - Italian parsley	.60	Valeriana off. - Garden heliotrope	.60

Fresh herbs have been used for many centuries and present-day cooks are getting acquainted once again with the fine art of cooking with herbs. All of us enjoy that added goodness that is gained by their use. Our Herb Card File contains information about how to grow and use 21 culinary herbs, teas, vinegars, seeds and the drying of herbs. (\$1.50 postpaid).

Our Window Sill Herb Garden, containing six well-rooted perennial herbs, is available at all times.

PERENNIALS

The following plants have been loosely classified for suggested use. They may, of course, be used elsewhere in the garden.

Ground Covers

<i>Acaena glauca</i>	.60	<i>Aethionema grandiflorum</i> -	
<i>Aegopodium Podagraria</i> variegated -		Stonecress	.60

Unusual - Unclassified

Freak of Nature (very rare)
Turtle's Surprise
Mrs. G. Clark
Corroboree
Crampel's Master
Black Cox (scarce)

Of interest to those of our patrons who find it possible to visit the Nursery are the lilacs, flowering crabapple trees, primroses, the rock walls and terrace, with many delightful and unusual rock garden perennials. Seeing these plants in their natural setting is often of help in making your own selection. Richard Williams, co-owner of Village Hill Nursery, is shown surveying a section of the rock wall.
